

Worship – prepare, lead, or support liturgy
Walk – prayer, Bible study, education

Your Name!

Witness – love and serve our neighbors
(Wednesdays) – question, discuss, explore

September	October	November	December
January	February	March	April
May	June	July	August

Worship

*We practice faith through our **worship**—gathering together, hearing and responding to God's Word, sharing in the sacraments, and being sent to share the gospel.*

Families are expected to worship regularly with the congregation throughout the year.

Students are expected to participate in preparation, leadership, or support of the liturgy of the congregation.

Walk

*We practice faith through our **walk** with Christ—through prayer, Bible study, and Christian education.*

Students are expected to explore various faith practices for their personal growth in Christ.

Confirmation week at Lutherdale fits this category, in the summer after seventh grade or in the summer after eighth grade.

Witness

*We practice faith through our **witness** to others—loving and serving our neighbors with the congregation, in the community, and at school.*

Students are expected to participate in volunteer service activities.

Two service projects are planned on the confirmation calendar—those count!

(Wednesdays)

We also practice faith through our openness to instruction—asking questions, engaging in discussions, and exploring possibilities.

Students are expected to attend lessons on Wednesdays during the school year, which include small group sessions with peers.

During the seasons of Advent and Lent, lessons pause so that we can worship at Wednesday evening prayer services.

These lessons are **not** recorded on their confirmation chart.

*At least **one faith practice per month** is recorded on the confirmation chart.*

*At least **three faith practices per category** are expected per year.*
